PEST CONTROL

Stop the Spread, Deactivate COVID-19 with our Zoono's Commercial Grade Fogging / Misting Disinfectant.

Specialised Disinfecting and Sanitising Services for Your Home or Business.

Zoono technology is used by well-known trusted companies across a range of industries including manufacturing, commercial, home, hospitals and medical, science, agriculture, entertainment, hospitality, catering, transport, childcare, livestock, food processing facilities. Zoono fogging is safe for high risk areas such as waiting rooms, child play areas, reception areas, public rest rooms, toilets etc.

Zoono is applied via a fogging machine or via a topical application. Also effective in high risk environments.

✓ **LONG LASTING PROTECTION.**

- A combination of inert ingredients and manufacturing processes coupled with our formulation gives Zoono its unique long lasting bonding capabilities.
- Once applied Zoono provides up to 30 days protection on any treated surfaces and 24 hours on the skin.
- Significantly reduces the spread of harmful bacteria, viruses, fungi (mould) and yeasts.

✓ **SAFER.**

- Zoono is water-based and non-toxic and highly effective.
- It is safe to be used around people, plants and pets alike.
- Food Safe and highly effective against pathogens.

✓ **COST SAVINGS.**

- Illness and infection can cost businesses, And industries - or even worse, people's lives. Dramatically reduce your chances of encountering a crisis by reducing the spread.
